

**50/60 Station Road, Cambridge
Mill Park Underground Car Park Access**

Date: 7th November 2018

Dear Resident and Car Park User,

In order to undertake external paving works to 50/60 Station Road it will be necessary to form a slight diversion route as access into and out of the underground carpark.

The plan below details the route change as vehicle access will now be via a route closer to the newly constructed building to allow paving to be undertaken in the vehicle access road. In order to allow safe passage of vehicles within this route it will be necessary to set up a three way traffic light system to ensure vehicles entering and leaving the carpark can do so unhindered.

This new access arrangement will be set up on Monday 12th November, and will be in place for seven weeks. Access to the carpark will be available at all times. We would like to apologise for any delay due to the traffic lights this causes in advance. Any queries please do not hesitate to contact us as per the details below.

Regards

Fergus Anscombe
